*PL = Public Land

There are no changes to the grazing preference or terms and conditions of the permit.

Part II. – Plan Conformance Review

This proposed action is subject to the following land use plan(s): Arizona Strip Field Office Resource Management Plan (RMP) and Grand Canyon – Parashant National Monument RMP

Decisions and page nos.: Livestock grazing is specifically provided for in the following RMP decisions: Arizona Strip Field Office RMP, p. 2-75: LA-GM-01: All allotments will continue to be classified as available for grazing by livestock under the principle of multiple use and sustained yield, except where specifically noted.

Grand Canyon-Parashant National Monument RMP, p. 2-74: LA-GM-01: On BLM-administered lands, all allotments will continue to be classified as available for grazing by livestock under the principle of multiple use and sustained yield, except where specifically noted.

The proposed action would simply transfer the existing grazing permit to a new entity; no changes in use or terms and conditions of the permit would occur. In addition, the proposed action would not conflict with other decisions contained within these RMPs.

Date plan(s) approved/amended: January 29, 2008

This proposed action has been reviewed for conformance with these plans (*43 CFR 1610.5-3, BLM Manual 1601.04.C.2*), and is in conformance with both plans.

PART III. – NEPA COMPLIANCE DETERMINATION REVIEW

A. The proposed action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with 516 DM 11.9, Appendix 5.4: D. (1) Approval of transfers of grazing preference;

And

B. Extraordinary Circumstances Review: In accordance with **43 CFR 46.215**, any action that is normally categorically excluded must be subjected to sufficient environmental review to determine if it meets any of the 12 Extraordinary Circumstances described. If any circumstance applies to the action or project, and existing NEPA documentation does not adequately address it, then further NEPA analysis is required.

IMPORTANT: Appropriate staff should review the circumstances listed in Part IV, check the appropriate

box (yes/no), comment and initial for concurrence. Add any appropriate additional reviewers and applicable manager. Rationale supporting the concurrence should be included in the appropriate block. If no response is received from a mandatory reviewer, enter the comment due date along with the notation "No response received."
